DETAILED ACTION

Election/Restrictions

Claim 1 is allowable. The restriction requirement requiring an election of species, as set forth in the Office action mailed on April 13, 2007, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 7-18, 22-29, directed to the non-elected species, are no longer withdrawn from consideration because the claims require all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

Claims 1-19, 22-46 are allowed.

The following is an examiner's statement of reasons for allowance: The claims require a capsule body and cap with particular ingredients including trapped air or gas

Art Unit: 1615

which enables the capsule to float in the gastric system to treatment of the upper gastrointestinal tract. Additional prior art is disclosed, but none disclose or suggest all of applicant's combined embodiments. Accordingly, the claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
